SICMEC

WHO ARE WE?

SICMEC manages a digital encrypted tracking system for containerized shipment around the world.

WHO IS CONCERNED?

3 major stakeholders:
insurers, freight forwarders, goods owners.

WHAT ARE WE DOING?

SICMEC is a blockchain viewed as the trusted third party manager for all transport stakeholders.

**AN INEXPENSIVE
BLOCKCHAIN FOR GOODS
IN CONTAINERS**

**SICMEC A FRENCH COMPANY FOUNDED
BY 3 EXPERTS IN INSURANCE,
RISK MANAGEMENT AND LOGISTICS**

**MORE THAN A CENTURY
OF EXPERIENCE
TO SERVE YOUR NEEDS**

WHAT IS THE GAIN FOR INSURERS?

The knowledge of insured accumulated values
anywhere in the world.

The insurers will improve drastically the confidence
level of their technical underwriting.

Prevention will be efficient as targeted on real weaknesses,
and claims liability will be properly allocated.

WHAT IS THE GAIN FOR FREIGHT FORWARDERS?

Transparency improvement for minimal cost.

Price adjustment based on geographical area.

Targeted and efficient prevention.

WHAT IS THE GAIN FOR GOODS OWNERS?

A higher data efficiency related to existing risks.

An efficient prevention enhancing supply chain performance.

**YOUR BUSINESS
AS INSURERS WILL
BE MORE ROBUST**

**THE SYSTEM
IS MANAGED BY
A TRUSTED THIRD
PARTY** recognized
by major worldwide
organizations

**SICMEC WILL ALLOW
BETTER COST
AND CLAIM
MANAGEMENT**

**THERE IS NOTHING
TO LOSE** for
stakeholders
to join SICMEC
